Friends of The Light House

We host several community fundraisers to help spread awareness, grow community involvement and raise necessary funds to support the operations of The Light House.

The Light House rebuilds lives with compassion by providing shelter, job training, and services to prevent homelessness and empower people as they transition toward employment, housing and self-sufficiency.

Since the COVID crisis began, The Light House has been serving 40% more individuals and families overall, and the number of households served through our pantry programs alone has increased by more than 170%.
